Mr. William J. Casey  
Director  
Central Intelligence Agency  
Washington, D.C. 20505

Dear Bill:

I appreciate very much your nice letter of June 7. I think you know that while we Americans often disagree on one policy or another, our objectives are the same. I just happen to consider it an outrage that more young blacks are not pursuing job opportunities in the CIA, and I shall continue to say so.

Warmest personal regards,

Carl T. Rowan
